Binance Pool → 8% Luxor → 3% BTC.com → 6.5%

Poolin → 1.5% SBI → 1.5% Braiins → 1.24%

Joining a mining pool

Require ASIC Hardware Specialized Hardware for mining

Install mining H/W for connection of H/W to pool

Setup Bitcoin wallet to recieve mining rewards

Select or Join a Pool Choose reputable mining pool and configure s/w

Legitimate mining pools & Scam pools

Legitimate mining pool require participants to have their own mining H/W. Be cautious of any site promising "free consistent payouts" without need for personal mining equipment, such offers are likely scams.

By joining a mining pool individual miners can achieve more predictable and frequent payouts enhancing efficiency & profitability of mining.
